TERMS & CONDITIONS

- ✓ All work must be done in accordance with Local Law 4-2003 and Road Opening Restoration Guidelines (7/03).
✓ All work must be done according to filed plan and this permit. NOTE: if permit is checked for "grass area", then all work must be limited to grass area only ~ any work in paved area will require an additional permit.
✓ Adequate safety devices must be in place at all times.
✓ Contractor responsible for providing adequate traffic control personnel. Traffic in both directions must be maintained at all times. Project vehicles, equipment and supplies must not pose hazard to traffic and must be placed in accordance with existing laws.
✓ Permanent restoration to an "as was" condition must be made within thirty (30) days of work end date.
✓ All disturbed grass areas must be restored with sod. Sod must be guaranteed for thirty (60) days. Each resident adjacent to the affected area must be contacted by permit holder regarding care for sod.

This is to certify that the person, business, firm or corporation, to whom this permit is issued, as listed above, is entitled to perform work as described above. All work must be done in accordance with State, local and Village of Plandome laws and guidelines. The person, business, firm r corporation to whom this permit is issued agrees to comply with the terms & conditions identified above and understands that failure to comply will result in forfeiture of this permit, and may result in the levying of a fine or other remedies as provided by law.

Deputy Village Clerk or Village Clerk
